

## CONNECT CAFE

NOURISH. NURTURE. NETWORK.

Located in the Historic Kansan newspaper building in Kansas City, Kansas, the Connect Café is a Social Enterprise Program of FosterAdopt Connect. The Connect Café serves quality coffee and food offerings while providing youth currently or formerly in foster care with work experience, job skills, and personal development that are helpful in successfully navigating future employment and advancement opportunities.

## MORE THAN JUST A CUP OF COFFEE

The youth are paid to participate in part-time direct employment as well as an interactive educational experience, and are given either post-program educational opportunities or employment assistance through connections with food service and restaurant businesses in the Kansas City metropolitan area.

## CAFFEINE FOR A CAUSE

Proceeds from our sales go to support FosterAdopt Connect's work breaking the cycle of generational abuse and neglect for children and families in Kansas and Missouri.
